

OMFC Classic Rubber Powered Winter Kit Scale Postal Duration Rules v2.1

1. Models

1.1 Eligibility

Any rubber powered scale model with a maximum span of **24"** built from a kit or plan that was originally sold as part of the following ranges of kits is eligible:

- Keil Kraft Flying Scale Series
- Veron Tru-Flight Series
- Keil Kraft EeZeBilt
- Dumas Rubber-Powered Scale Series (e.g. [Walnut Scale series](#))
- [DPC WW1 kits](#)
- Sterling A-series kits from the early 1960's, e.g. [Kit A-11 Cessna 180](#)
- VMC "[Magnificent Flying Machines](#)" , [Aerographics](#) and [Bluebottle Squadron](#) series.
- Guillows [WW-1 to WW-12 18" span WW1 Fighter kits](#)
- Any Frog [rubber-powered scale model](#).

1.2 Deviations from the Kit/Plan

Models must be built to the original plan at the original size, but minor modifications to the published design are permitted and may include:

- Increased dihedral and tail areas.
- Lighter built-up tail surfaces.
- Scale outlines corrected.
- Detachable wings/tail.
- Reinforced nose with removable nose block.
- rear motor peg moved.
- additional scale details added.

Models of aircraft with retractable undercarriages may be built with the wheels retracted. Any fixed/freewheeling propeller can be used (no folders). Dethermalizers are allowed.

1.3 Finish, Colour and Markings

The colour scheme is to be in keeping with the subject aircraft but need not represent a specific full-size aeroplane. Tissue finishes and markings are entirely acceptable. Models covered in mylar are not allowed unless tissue is applied over the top.

2. Competition Procedure

2.1 Entries

The competition runs over four months between **1st January 2026** and **30th April 2026**. Entrants can enter as many times as they like with multiple models as long as each model is used for no more than one indoors time and one outdoors time.

2.2 Timekeeping

Wherever reasonably possible, the timekeeper must be someone other than the entrant. However, members who have no option but to fly alone (e.g. country members) can time their own flights.

2.3 Scoring

Total of three flights, all flights to be done on the same day. Unlimited attempts. Flights under 10s are considered an attempt. 10s ROG bonus for indoor flights

2.4 Reporting Scores

After flying, please either email (webmaster@oxfordmfc.bmfa.uk) or WhatsApp Chris Brainwood, stating your name, the location/venue (e.g. Port Meadow), the name of the timekeeper, the model name and kit manufacturer, with photo of the model if possible. Scores should be reported as soon as possible

2.6 Prizes

Tunnock's teacakes/caramel wafers prizes (or similar) will be awarded for best indoor, best outdoor and best overall scores.
